About the Product

Refined Soyabean oil brand is introduced to endeavor to provide healthy cooking oil choices to Indian consumers. Fresh Soya preserves the inherent goodness and properties of soyabean to give consumers light, tasty and healthy edible oil. The great taste along with their quality to enrich food with iron, Vitamin B, Calcium and Zinc has won them consumer loyalty across large parts of India. As these oils are rich in Polyunsaturated Fatty Acids, they help in keeping cholesterol level under check and are preferred by health-conscious home makers for their families.
